At the NH State House for the States' Rights rally

The past couple of months have brought unending opportunities for the concerned New Hampshire citizen to make their voice heard. Our state and nation are reeling with attacks against the very foundation of our society and our country. Our ministry has stood with many of you to speak about the importance of protecting liberty, defending states' rights, and opposing taxation without representation. We have spoken regularly at the state house in defense of traditional marriage, parental rights, and home education.

What Can We Do?

A question I'm often asked. My answers always involve prayer with action. Pray for wisdom and discernment. Make the effort to inform yourself about the issues and challenges we face today. (Hint: don't rely solely on mainstream media). Engage in your community and government, whether by getting to know your neighbors, making your voice heard to your elected officials, or running for office. We are blessed to live in a country with a Representative Democracy form of government, and we should not be hesitant to stand up and be heard.

Upcoming Events

There are a number of upcoming events listed on the left in which we will be participating. If any look interesting to

you, please don't hesitate to contact us and ask for further information!

A Useful Resource

Do you know your rights and responsibilities?

Do you know that the most important "position" in government is not The President? It is The Citizen (We The People). Get your Citizens Rule Book sent to you for a suggested donation of \$5.00.

We Welcome Your Support

We are a completely donation-based ministry, and trust in the Lord for His provision. If you care to provide donations or gifts-in-kind to this ministry, or offer volunteer support or prayer support, we would consider it a blessing.

WOULD YOU LIKE THE PATRIOT PASTOR TO SPEAK AT AN EVENT?

From radio to television to CD, from children to seniors, from Christian to secular groups, Pastor Lear reaches thousands of listeners each year. His messages are diverse and thought-provoking, and he keeps his audience consistently engaged. The Patriot Pastor weaves his unwavering emphasis on Biblical truth and historical accuracy into messages on topics as wide-ranging as politics, government, family life, health and nutrition, and community organizing. If you are interested in having the Patriot Pastor speak to your group or at your event, we would be happy to discuss it with you!

How Should We Then Live?

You may be familiar with the classic work on Christian living of this same title, written by Francis Schaeffer. While penned decades ago, the message is equally timely today. As we observe the decline of our culture's morals, and lament over the seeming loss of appreciation of proper values and virtues, it can be tempting to become despondent. However, the Bible clearly tells us not to lose hope, but to keep our eyes on the Lord. His Word provides the objective truth desperately needed in this world where anything goes. We should seek to share this truth with others. We should also strengthen our relationships with like-minded people. As times get more difficult, whether due to the economy or persecution, having a mutual support network is a vital resource. Reach out to your neighbors, your church family, your co-workers. Support your local family farms and businesses. This helps you, your neighbor, and your community. And above all, continue to grow in the knowledge of our Lord and Savior Jesus Christ.

May We Help You?

We have dozens of CDs, videos, and books available on a vast array of topics. If you are preparing to lead a group, speak at an event, expand curricula at any educational level, including university, or engage in personal study, please consider us to be a resource for you. We are currently preparing a list of our available resources, but would welcome hearing from you if we can help in the meantime!

Who is The Patriot Pastor?

Garrett Lear, a native New Englander born in 1948, is affectionately known across the nation as "The Patriot Pastor" because of his extensive knowledge on the founding of America, his deep abiding love for the original intent of The Founding Fathers and his understanding of The New Testament Church. He is a member of The National Society Sons of The American Revolution. He has been in ministry since 1974 with ministry in all 50 states, Canada and Eastern Europe.

Garrett has been a denominational leader, a local pastor, evangelist, prison chaplain, prayer intercessor, local leader of many national ministries, Bible college teacher, Gospel singer, worship leader, revival and conference speaker. He is mentor and often called upon wise counselor to many church, government and business leaders across the country. He has been appreciated especially in men's ministries over the years... a man's man. He has been one of the most active prolife, pro family, pro traditional marriage, original intent smaller government clergyman in New Hampshire and America. Garrett and Annette, his wife of 30 years, founded The Well of Living Water Christian Ministries (thewellofivingwater.com) promoting reconciliation, restoration, and revival.

Garrett & Annette

That's it for now. A thought in closing, from Patrick Henry: *"We are not weak if we make a proper use of those means which the God of Nature has placed in our power...the battle is not to the strong alone, it is to the vigilant, the active, the brave"*.

*Freedom & Responsibility
Patriotism & Morality*

*Liberty & Independence
These all go together, you can not
have one without the other*
